Matte Black

Lander Firearms Continues to Raise the Bar with High Quality AR-15 Rifles

This new Radical Firearms AR-15 Semi Automatic rifle comes standard with a pair of forged 7075-T6 Aluminum upper/lower receivers that have been finished with a hard coat anodizing. At the heart of the rifle is the 16" 4140 Chrome Moly Vanadium Barrel with a melonite finish. An ideal 1:7" twist rate was utilized allowing you to stabilize a wide variety of projectiles. A 15" free float hand guard was selected in order to provide you with an incredible amount of rail space along with a vast M-LOK interface which allows for several M-LOK modular accessories to be attached. The Mid-Length gas system and B5 furniture provide you with a soft shooting aesthetically pleasing rifle. Regardless if your new to the industry, or an old hand, Lander Firearms will not disappoint.
